Clear Light Coffee Co.

Other Events

Open from February to June, 2024

California artists Mike Alfaro and Gerardo Guillén's exhibition *Millennial Lotería: The LatinXperience* is an artistic parody of the Hispanic tradition of Lotería. The artists replace outdated stereotypes with modern counterparts that reflect the evolving identity and reality of Latinx Millennials such as “La Dama” becoming “La Feminist,” “El Mundo” becoming “La Student Debt” and “El Sol” becoming “El Global Warming.” The exhibit features more than 270 Lotería cards created by the artists that aim to provide a snapshot of modern Latinx life.

Artist Efedefroy (Froy Padilla Aragón), from Oaxaca, Mexico, is presenting the exhibit titled *Permanencia Voluntaria*. Padilla's work combines pop culture icons of the eighties with figures from the Golden Age of Mexican Cinema, creating postmodernist pop art in urban spaces. Examples of his oeuvre include pieces in which Frida Kahlo is depicted as Holly Golightly from *Breakfast at Tiffany's* and Mark Hamill with Mexican actress Maria Felix depicted as Luke Skywalker and Princess Leia from *Star Wars*. This will be the first time this artist has displayed work in the United States.

Centro de Artes is always free to visit.

Oak Wilt Disease

FEB 17, 2024

Oak wilt is a deadly fungal disease that infects and disables the water-conducting system in oak trees. All oaks are susceptible to this disease, but some species more so than others. With no known cure, methods to control and treatments are expensive and not guaranteed. To reduce the risk of oak wilt, between **February 1st and July 1st** is when the oak wilt fungus is most active, so minimize pruning during this period.

If you suspect oak wilt in your neighborhood,
contact the **Texas Forest Service at 830-792-8885.**
Click the button below to know more about Oak Wilt.
